

**ORIGINAL**

The UAF Faculty Senate passed the following at Meeting #172 on February 7, 2011:

The UAF Faculty Senate moves to replace the "Grades and Grade Point Average (GPA)" paragraph on page 201 of the 2010-2011 UAF Catalog with the revision shown below.

Effective: Fall 2011

Rationale: Some faculty and students have found the current grade and GPA requirements needed to earn a graduate degree to be vague. Potential confusion could result in delayed graduation and significant cost to complete degree requirements that a student thought were already completed.
