

The UAF Faculty Senate passed the following at Meeting #195, December 2, 2013:

MOTION

The Faculty Senate moves to adopt the following changes to the 2014-15 Catalog that update the Writing placement sections and clarify catalog language on placement and prerequisites.

Rationale: This motion amends the current (2013-14) catalog to incorporate changes that result from the re-alignment of English 111X and DEVE placement (see placement table below)

If further addresses reading placement making reading classes a co-requirement with DEVE

PLACEMENT REQUIREMENTS

Placement Requirements: All students planning to take courses with specific placement

requirements must meet those requirements prior to registering for those courses. [[Students who meet basic skills standards in reading, writing and mathematics should enroll in the appropriate 100 level] or

student's ACT writing test score is 7 or above, the ACT English score is 18 or above, or the ACT reading score is 22 or above (or the student's SAT writing score is 430 and SAT critical reading score is 510 or above, or your score on another university-approved placement test is equivalent).] If the student's standardized test scores are below the[[se]] minimums **IN THE PLACEMENT TABLE BELOW** and if the **STUDENT'S** high school cumulative GPA is 3.0 or higher, the student may **BE GIVEN PERMISSION TO** enroll in English F111X [[with permission of]] **BY** the Director of Composition or rural campus English/Arts and Letters faculty.

[[Q-11. In the Student Placement Table, students may be required to take Developmental English or Developmental

Studies (Reading) courses. These courses are designed to help students gain competencies necessary to succeed in college-level courses. Students who earn a C- or higher in DEVE F070 place into English 111X automatically and do not have to re-test]]

MATHEMATICS

Mathematics course placement varies according to the type of degree the student is planning to pursue and the corresponding math course(s) needed. (see the degree program requirements for more detail.) The UAF mathematics placement test used to determine math placement. Minimum test scores for placement into math and developmental math courses are listed in Table 2.
