President's Report - Madeline Schatz

Dear Colleagues,

The face-to-face Faculty Alliance, Staff Alliance and Coalition of Student Leaders meetings in Juneau were held in conjunction with the Board of Regents' meeting. This gave a great many people access to President Hamilton's presentation to the joint Finance Committees of the Alaska State House of Representatives and the Alaska State Senate--and we turned out in force. Our new charismatic leader was very impressive in his presentation and fielded questions with much aplomb. Times, they are a-changing!

I have a few things to say about the changes occurring in our State, our University and on our campus. We have been facing the reality of difficult financial times in this state (since my arrival in 1990--hmm I wonder if there's a correlation?) for a very long time. The university has been analyzed, criticized, exorcised, and miniaturized. We have suffered due to the lack of foresight by our legislators. As President Hamilton put it in his presentation: we needed the analysis, we rose to the occasion, we cleaned house and now we're ready for growth. The Retirement Incentive Program has decimated some of our programs and services and has "cleaned house" in others. It is time to focus on the impact of the UA system on the future of the State of Alaska. The UA system has, probably, more impact on the State than any other "industry." We are producing the leaders of tomorrow

Two things trouble me greatly about this institution of higher learning. Many have become extremely cynical (with very good reason!) and many have lost hope. I am here to tell you that help is on its way. This is an exciting turning point in our history.

Before venturing into the realm of faculty governance I found myself adopting an "all administrators don't know what they're doing" attitude. I was frustrated and I needed to find a place to focus the blame. Since my service as Faculty Senate president-elect and, now president, I have had the opportunity to work with these administrators. My mind has been changed drastically. I

have served on the Faculty Alliance, which conscientiously lobbied the Board of Regents for faculty input on the search committee to select the new university president. I have served as Chair of the search committee to select the new provost, and I have provided faculty input to President Hamilton on the selection of a new chancellor. I have found that all of our administrators, from the Board of Regents through the president through the chancellor through the provost and deans, have been desirous of faculty input and help.

Some accuse me of being "co-opted" by the administration. Those people don't know me very well. What has happened is that I have gained a new respect of what it takes to sit in the seat of an administrator who has to try to save a sinking university system with very little help from the Legislature.

We owe a great deal to departing Chancellor Wadlow. I have had the privilege of working with her for two years. She has been dedicated to this campus and has worked tirelessly to keep our ship afloat in very shallow waters. Because she is an extremely private person many have interpreted her personality incorrectly. I will, personally, miss her very much. I credit much of the turn-around from negativity to positivity in advertising to her. We were in the depths and she helped pull us up.

We are now in an exciting new era. President Hamilton's presentation to the Legislature infused new energy into our cause. Please, let us not get complacent in our responsibilities to continue our vigilant lobbying of our own legislators. As Chancellor Wadlow put it in her letter to us, it is a period of "new excitement, promise and exhilaration." I felt it in Juneau. It is time for the faculty to band together to promote this new sense of "can do." It's up to us.

2. TRANSFER CREDITS FROM ILLISAGVIK COLLEGE

Ann Tremarello apprised the committee of this situation. Until this year, credits from Illisagvik have been transcribed as UAF credits. Now the College is seeking independent accreditation, and a new Memorandum of Agreement is being forged to cover the transition period. That agreement will have an articulation section.

The sense of the committee was that until Illisagvik is accredited, a MOA should deal with the issue of transferring credits. Ann Tremarello will follow this issue and report to the committee as needed. REER/

3. NEW B. A. DEGREE IN ARTS AND SCIENCES

Three members of the committee--Carol Barnhardt, Myrland Perkins, and Ed Murphy--have served on the committee which is preparing a new degree program in the arts and sciences, for students seeking a solid foundation in both the arts and sciences to use as preparation for elementary teaching. They gave the rest of committee members an overview of the new degree requirements, its relationship to the existing B. Ed. degree (scheduled for elimination) and licensure requirements. Questions were raised on the nature of some proposed new courses, and on what body/ department/college would have administrative oversight. The next meeting will be held on 7/23/19.
