Course Notebook(10%) Students will be required to keep a course notebook for the entire class. Notebooks should include notes on the presentations, exercises, demonstrations, and reflections on how the information could affect the student's role as a construction manager or supervisor. The notebook will be evaluated at the end of the course and returned to the student.

Exams(30%) Exams taken at the end of prescribed sections of the course will be the evaluation tools used to determine mastery of the associated skills.

Course Calendar:

This schedule is fluid and may be updated during the semester. The instructor will inform students of changes in a timely manner, Students are responsible for keeping track of schedule changes once announced.
